

# 2<sup>nd</sup> Grade Menu of Activities for the Week of June 15th

Directions: Choose at least one activity from each subject area. Follow directions and show your work. Be sure to turn your in by sending a picture or attach a document to your teacher's email.

## Math

Pretend when Skate Deck opens, you want to take your family skating.

Click on the link and look at how much each ticket will cost. How much will it cost for your family to go to Skate Deck during the day?  
<http://www.everettskatedeck.com/>

## Reading

Summer Reading Programs  
[Click for Everett Library Summer Reading](#)

[Click here for Sno Isle Program](#)

[Click for the Half Price Book Program](#)  
 Explore each Summer Reading Program. I bet you can use the same books for each program.

## Writing

Make a Plan for the summer. List as many activities that you want to do this summer

Write the list neatly and make colorful pictures next to each idea. Ask your family if you can have a family meeting. Show them your ideas and discuss what is reasonable.

## Science

[Click here to learn how to make fun things out of cardboard](#)

Or use your imagination and turn your cardboard into a creation

The Everett Public Library and Sno Isle Library will have summer reading programs.

The 2<sup>nd</sup> grade classes read 263 books during the summer. The third grade classes read 97 books.

What class read the most books?  
 How many more books did they read?

## Out of this World!

Read about exploring Mars  
[click to read the article about Mars](#)  
 Look at the timeline on pg. 4.

How many missions have been sent to Mars?  
 What did the last mission in 2018 study? What do you want to know about Mars?

Take a trip to Space and get a tour of the International Space Station

[Click here for a tour of the ISS](#)  
 Write a letter to the ISS. Ask them any questions you are still wondering about. Ask them to write back.  
 Send it to: NASA/Johnson Space Center  
 CB/Astronaut Office  
 Houston, TX 77058

Visit the National Parks  
 Go on an adventure and tour some of the special National Parks

[Click Here to Explore National Parks](#)  
 What was your favorite Park? Why?

Ryan, Emma, Musa and Hafsatou went to the Beach. They each saw different sea life.

				
Ryan				
Emma				
Musa				
Hafsatou				

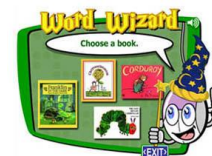

Ryan and Musa did not see a mammal.  
 Emma saw something that could pinch.  
 Musa found an animal with 5 arms.  
 Who saw what sea life?

Make a Blanket Fort  
 Grab a flashlight  
 Grab a book

Crawl in your fort and read by the light of your flashlight! Read for at least 25 minutes. Tell somebody at home what you read about.

Back by Popular Demand the Word Wizard

[Click Here to Play](#)

Take a Trip to the San Diego Zoo and learn about Predators  
 When finished check out the Zoo website.
