4. Describe the action steps the school/district will take to reduce the opportunity gap in student possession of ASB cards and/or participation in extracurricular activities for the up coming school year.

Students in the Mukilteo School District do not have any cost or fees associated with participating in Athletics. ASB cards are issued for free and there is no pay to play fee.

We have had consistently large turnouts in our Soccer programs and have inquired about adding coaching positions to meet the interest level and thus capture a more diverse student population by adding a 4th team.

We have also become more intentional about recruitment and retainment of a diverse coaching staff that better reflects our student population in all of our sports programs in the hopes that we can attract more student-athletes of diverse backgrounds to participate.

We have also requested a second activity bus to arrive at 5pm to better support students and families where transportation is a barrier to participation.

Finally, we have been working in concert with our Student Support Advocate and Family engagement liaison to reach more families who are MLL, so as to make sure that they are informed about how to get their student-athlete registered, cleared, and participating in student-athletics.
