

August 18, 2022

Greetings Knights!

We have some good news to share about an additional transportation option for our student-athletes and their families. Beginning on September 1st, all student-athletes 18 years old or younger will be able to ride Community Transit for free with a Community Transit issued pass. If transportation home from Kamiak following a practice or game has been a barrier for any of our students to turn out for sports, then we're hoping that free Community Transit access will help to mitigate/eliminate the barrier for students and families. The Mukilteo School District always provides transportation to away contests for student-athletes.

If your student-athlete needs an Orca card to ride Community Transit prior to September 1st, then please contact the Athletic Office for an Orca card. As we get more information about how to acquire a free bus pass for Community Transit for September 1st and beyond, then we will share that information once we have it.

Go Knights!
