Student Achievement

Ensure success for every student

- Recruit and retain skilled staff members and provide professional development to help all staff enhance their effectiveness
- Teach the adopted district curriculum and make effective use of instructional time
- Provide effective core as well as differentiated instruction
- Conduct assessments and use that information to make ongoing modifications in teaching and learning practice

Learning Environment

Provide a safe, positive, supportive learning environment

- Treat all individuals with dignity and respect
- Ensure a safe place to learn
- Foster an environment that facilitates collaboration and communication between staff, students and community
- Provide clear and consistent behavioral expectations within the learning community

Parent and Community Involvement

Develop a mutual commitment that engages all stakeholders in shared responsibility for student success

- Provide effective communication systems for students, staff, parents and community
- Promote a climate of mutual support and respect for diversity
- Provide varied opportunities for meaningful involvement in the schools

Support Services

Enhance the learning environment

- Provide efficient and cost effective support services
- Align resources, programs and departments to support the District mission and goals
- Maintain continued public trust
