Follett Destiny

Our library catalog is a great place for students and staff members to locate books, websites, resource lists, and a few extras.

From the Student Home Page, click on "District Library Catalog".

Click on "Mariner High School".

Log in credentials are the same as logging in on a computer.
The info tab is helpful because it shows what books, textbooks, or overdues that students or staff may have. It also shows if you have any books on hold or holds placed.
If you are doing research, Follett Destiny can also help you locate web resources as well.

The Follett Folks “behind the screen” have cross reference websites that they believe will be useful for student research.
Do you have that hard to please student. The one who says, “I just need a good book?” There are resource lists both for teacher academic needs and student interest need as well. From the catalog tab click on “Visual”
You can also research and access information via the WebPath Express. The results will end up in book recommendations as well as websites.

There are a bevy of monthly themes in here or you can search on your own to find books and resources.
The front of the library page is also worth exploring.

The wonders of Follett Destiny are right at your fingertips.
