

Meet Ms. Oren, Odyssey's Principal

Education has always been a passion of mine. My mother was a teacher for 47 years in the Puyallup School District, and she inspired me from a very early age to get involved with education. I volunteered countless hours at her school while earning my Bachelor's in Elementary Education from Central Washington University. After graduating I accepted a teaching position in the Sumner School District as a classroom teacher where I taught both primary and intermediate grades. Do not ask me what my favorite grade is because I truly love working with children at any age.

Besides teaching I have also worked as a Response to Intervention Coordinator and team leader before deciding to go back to Central Washington University again. In 2014 I earned my Masters in School Administration and moved north to work in Mukilteo as an assistant principal.

I love working here and being a part of the Odyssey. Mukilteo School District really is the best place to be!

When I'm not at school working though, I like to spend my time with friends and most importantly family. Whether it be hiking the local mountain peaks or traveling to a new location around the world, spending time with the ones I love is all that matters.
