

CITIZENSHIP & RECOGNITION

Top Flight Awards

Students will be recognized by individual teachers for meeting specific criteria in any of the following categories: Leadership, Workmanship, Citizenship, and Scholarship. Each teacher may select up to 1 student in each category per class period. Students selected will be given certificates signed by teachers, which will indicate which category award they have received. Each student will also receive a letter from teachers, which will explain the criteria by which he or she was chosen. A copy of the letter will be sent home to parents, and an additional copy will be placed in student files.

Students Of The Month

A number of students are selected each month who fit into the various "student of the month categories." These students are recognized with a certificate as well as a certificate for a free item in the student store.

Honor Roll

Honor Roll students are selected based on grade point average. The requirements are as follows: Honors—3.0-3.29, High Honors—3.3-3.69, Honors with Distinction—3.7-4.0. Students so honored receive certificates, and lists are posted in the display case near the student office.
