## **Principal's Message**

We have a lot to be thankful for at Mariner High School. We have a beautiful building, a caring staff, and talented students. I appreciate the families and a community who want the best for our students. As I visit classrooms, I witness engaged students solving problems, discussing important issues, writing essays, conditioning their bodies, making music, and creating art. They are preparing for a meaningful life after high school. At the end of each quarter, teachers nominate students who deserve recognition. These students make us proud because they've overcome obstacles and persevered to excel academically. Out of over 50 nominations, 8 students were named *Marauders of the Quarter* for the 1st quarter (pictured below).

*Nate DuChesne* - Principal

## **Counseling News**

All sophomores viewed an amazing show, *Ghosted*, performed by Seattle Children's Theatre. *Ghosted* is a story of high school students experiencing anxiety, issues of friendship and personal struggles. The students discuss how to navigate and utilize resources available to them to gain strength and support. There were great follow-up discussions emphasizing the theme of the play and additional information about healthy personal growth.

Counselors made a classroom visit a week prior to the play delivering a social/emotional lesson. All students received a *My Toolbox* booklet which includes mini activities to help relieve stress/anxiety and identify people for support. You can find a copy on the counseling website: <https://www.mukilteoschools.org/Page/13983>

## **College & Career News**

The College and Career Readiness Center is here to help students and parents prepare for life after high school. Now is the time for seniors to be applying for financial aid. Each Friday the CCRC sets aside time to work specifically with students on financial aid. If you have any questions about college or financial aid, please contact the Stephanie Horrocks or Michele Madrigal in the CCRC. They'd be more than happy to help you. Here is a brief message from former First Lady, Michelle Obama, about her experience as a first generation college student.

## **High School and Beyond Plan**

The High School and Beyond Plan (HSBP) office has been out for our Fall visits with students through their English classes. The HSBP is a graduation requirement designed to help students deepen their knowledge of themselves and improve their understanding of postsecondary options. In order to assist students with their HSBP, our office meets with students in grades 9-11 three times throughout the year and once a year we visit with students in grade 12. To better communicate with students' families, we have created Fall newsletters to help you understand what we are working on with your student.

The Fall HSBP newsletters may be translated into multiple languages by scrolling to the bottom of the newsletter and selecting “ your language”. Please also visit our website for more information about the HSBP: <https://www.mukilteoschools.org/domain/2396>.

Durante esta temporada de otoño, las personas encargadas de High School and Beyond Plan (HSBP) han visitado todas las clases de inglés para hablar con los estudiantes acerca de este requisito de graduación. HSBP es un requisito de graduación diseñado para ayudar a los estudiantes a profundizar el conocimiento que tienen de ellos mismos y para mejorar su conocimiento acerca de las oportunidades disponibles una vez obtengan el diploma de high school. Todos los encargados de HSBP se reúnen con los estudiantes de los grados 9-11 tres veces al año y hablamos con los estudiantes del grado 12 una vez durante el año escolar. Hemos creado este boletín de otoño con el propósito de informarles lo que estamos haciendo con los estudiantes en estos momentos y de esa manera continuar una comunicación abierta con todos ustedes. Los boletines informativos de otoño HSBP pueden traducirse a varios idiomas desplazándose hasta la parte inferior del boletín y seleccionando su idioma. Visite también nuestro sitio web para obtener más información sobre HSBP: <https://www.mukilteoschools.org/domain/2396>.

Офіс середньої школи та поза плану (HSBP) був відкритий для наших осінніх візитів зі студентами через їхні класи англійської мови. HSBP – це вимога до закінчення навчання, покликана допомогти студентам поглибити свої знання про себе та вдосконалити їх розуміння післявузовних варіантів. Для того, щоб допомогти учням зі своїми HSBP, наш офіс тричі протягом року збирається з учнями 9-11 класів, а раз на рік ми відвідуємо учнів із класом 12. Для кращого спілкування з сім'ями учнів ми створили інформаційні бюлетені для осінь допоможемо зрозуміти, над чим ми працюємо з вашим учнем. Інформаційні бюлетені Fall HSBP можуть бути перекладені на кілька мов, прокручуючи до низу інформаційного бюлетеня та вибираючи вашу мову. Також відвідайте наш веб-сайт для отримання додаткової інформації про HSBP: <https://www.mukilteoschools.org/domain/2396>.

## **Stay Connected!**

Information and news about Mariner High School is available in a variety of formats. This year, you will receive a phone message and email from the district if we close or delay school. This helps ensure we reach everyone, including those without an email address on file, before students stand outside at a bus stop, and before parents leave for work. If you added a text message number in the Blackboard portal <https://mukilteoschooldistrict.bbcportal.com/>, you will also receive a text message. As usual, school delays or closures will be posted on the district website and posted through **FlashAlert**, which also feeds into mainstream local news feeds.
