SECOND SEMESTER 20/21
VOLUME 2, ISSUE 2

Participate in a Summer Reading Program to Prevent Summer Slide!

Washington State librarians encourages participation in your local public library summer reading program. Research has shown that children who continue to read over the summer maintain their reading skills and that summer involvement with reading leads to better academic skills when children return to school in the fall. Check your local library's program and make reading and learning a regular part of summer by joining in. You'll see a great list of programs and booklist on page 2. [Checkout my summer reading recommendations below!](#)
